

**Continuing
Education
Spring/Fall
2005**

Plot your course for lifelong learning.
Discover success through continuing education.

zimmer | dental
Confidence in your hands™

World-class courses. Guide your practice in valuable new directions.

Plotting a course for lifelong learning is simple with the multitude of opportunities available at Zimmer Dental Inc. We offer a variety of courses that comprise all aspects of implant dentistry. Choose from the following course categories:

Surgical

Learn precision techniques for patient selection and surgical case planning as the foundation for optimal oral rehabilitation. Surgical approaches to simple and complex cases are presented through lectures, hands-on workshops, and live clinical demonstrations. Comprehensive training programs, taught by master specialists, include both beginning and advanced surgical techniques.

Prosthetic

Examine a wide array of topics from treatment planning to comprehensive prosthetic techniques for reconstruction of dental implants. Nationally recognized restorative clinicians will educate doctors regarding all aspects of dental implant prosthetics.

Laboratory

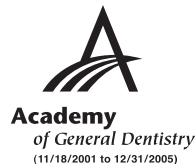

These workshops focus on various business and technical aspects for the dental implant laboratory. Workshops are provided for the beginner and advanced dental implant technician and for the laboratory manager/owner interested in gaining additional insight on how to successfully market their business.

Disclosure

Zimmer Dental manufactures and distributes products discussed in this seminar. Zimmer Dental courses are designed to present a fair and balanced view of all options. Further information is available upon request at Zimmer Dental Inc., Department of Continuing Education, Phone 800 854 6691.

Accreditation

Zimmer Dental Inc. is a recognized provider by the Continuing Education Recognition Program (CERP) conducted under the auspices of the American Dental Association. Zimmer Dental is also designated as an Approved PACE program provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from 11/18/2001 to 12/31/2005.

How to register

Call the corresponding program phone number provided for each course listed, or contact Zimmer Dental at 800 854 6691. You may also visit our website at www.zimmerdental.com.

Puros® Block Allograft Training

Be the first in your area to use it!

Learn how to successfully place Puros block allograft at a limited attendance hands-on training course, including:

- Rationale for block bone grafting
- Receptor site preparation
- Block preparation – including hydration & block shaping
- Block placement
- Factors for creating long-term clinical success
- Limitations and complications

Given the technique-sensitive nature of this exciting new block grafting product, **Zimmer Dental is requiring that all users attend a one-day training course prior to purchasing the product.**

Register for the new Puros block allograft training course!

To register for the course, please contact your area representative, or call 1 800 854 6691 to find a representative near you.

DuSERSM Alliance

Dedicated to University Service, Education and Research, the *DuSER* Alliance is a comprehensive support program for dental schools that provides dental students, residents and faculty increased experience in dental implant therapy. For more information, call your Zimmer Sales Consultant or Customer Service at 800 854 6691.

Many of our clinicians also provide customized training for the surgical, prosthetic, and practice-building areas. Please call 800 854 6691 ext. 4216 for more information on this educational alternative.

One-on-one instruction

Our Certified Dental Technicians (CDTs) are available to help you with technical aspects of cases, ranging from treatment planning through advanced prosthetics. For immediate assistance, call Technical Services at 800 854 6691. Your local Zimmer Sales Consultant is also available to provide product training and assistance for your office staff or partners. Please call 800 854 6691 and ask for the representative in your area.

Peer Practicum[®] Program: Grow Your Practice

Interactive. Hands-on. Teamwork. More than 375 programs and 4,500 attendees worldwide. Proven to grow dental implant practices, *Peer Practicum* program offers you new business and clinical technologies, combined with time-tested treatment planning procedures. Join the team and reach new heights in implant dentistry. The results speak for themselves:

Impact on Surgical Host Practices (Averaged)

- 21% Increase in committed referral doctors
- 25.5% Increase in implants placed
- 9.5% Increase in “other” surgical referrals

Impact on Attendees

- 98.6% of participants are now more comfortable working with dental implants
- 99.9% would recommend Peer Practicum to their colleagues
- 97.9% feel the course will help grow their business
