RESTORATIVE COURSE TWO

Restorative Course Two is designed for restorative teams who understand basic implant restorative techniques and want to refine their skills and learn other advanced techniques, in conjunction with their surgical specialist. This course allows participants to elevate their skills to the next level.

Restorative Course Two highlights:

- Diagnosis and treatment planning
- **Socket preservation concepts**
- Fixed-hybrids
- **Immediate loading of fixed-detachable prostheses**
- Conversion of conventional dentures to transitional fixed-detachable prostheses
- **Over-partials**
- Bar overdentures for maxilla and mandible

COURSE LENGTH: **2** DAYS

For more information about course enrollment, contact a Zimmer sales representative at 1 (800) 854-7019.
